What kind of volume does Kwik Trip need to get CNG in PdC? Not sure....first answer would be more than the 7 busses that the school has, but will no more in the next couple of months.

When Kwik Trip opens their first store in LaCrosse, they plan to leave the price and not adjust the price with the market, in an effort to build up the business.

Liquid Natural Gas (LNG)- not a good fit for school busses or the City. "use it or lose it" Fuel.
