

Families of the Class of 2016

To the Families of the Class of 2016. The Children's Advisory Board has agreed to help us in fundraising for our class trip adventure. Let's help them in return. Please place your cans in the designated Children's Advisory Board can bins. There are two in Prairie, one located on the cement area to the right of Tractor Supply and another one located behind Slumberland. In Eastman, there is one next to the former Martin's Market building. Donating your cans is an easy way to help reduce the cost of our trip and to support an organization that actively supports the youth of our community. Thank you to the Children's Advisory Board for your support!
