August 2018

Dear parents/guardians of all school-aged children,

The Wisconsin Immunization Program has granted approval to Crawford County Health and Human Services Department to provide **FREE INFLUENZA VACCINE** to all school-aged children Pre-K through 12<sup>th</sup> grade. The vaccine provided will be the shot form only.

**\*\*\* If you would like your child to receive an influenza vaccine please return the consents forms to your school by Monday 09/17/2018. \*\*\***

Depending on whether your child received an influenza vaccine in the past, some children younger than nine years of age will need two doses of vaccine spaced four weeks apart.

**\*\*Yearly influenza vaccination is highly recommended for all persons aged 6 months and older. \*\***

We anticipate holding school vaccination clinics in the early fall season.

If you have any questions about your child's vaccine record, vaccination clinics, or vaccine information please call 326-0229 from 8:00 AM to 4:30 PM. **Please also review attached Influenza Vaccine Information Statement.** The CDC's website is an additional resource and can be found at <http://www.cdc.gov>. Your child's health care provider can also answer your questions regarding vaccinations.

Sincerely,

Crawford County Health & Human Services
