The PdC Public School District supports the crossing guard program as it is an important public safety issue. However, pedestrian safety is a City issue. The School District cannot contract for, or assist in, the hiring of crossing guards, nor can the District cost share on this program due to budgetary and program constraints. The School District already has taken the major step to add in-town busing to attempt to alleviate many safety issues for our students.

The PdC Public School District is very willing to partner on looking for grants or other means to create long term solutions to pedestrian safety such as that there is an awarness aware that the City is looking at flashing crossings and other potential stop walk crossing plans within the Marquette rebuilding and the Safe Routes to Schools program.
