## Innovation for Success™

### Broad Facilities Plan Meeting with HSR

**WHEN:** Monday, November 3, 2014

**EVENT DESCRIPTION:** The district is currently working on a broad facilities plan to identify short and long term needs. This information will lead to an updated buildings and grounds plan, including the possibility of a future referendum to address larger needs. The goal is to create a plan of improvement to keep the district's facilities as educationally functional, safe, healthy, and modern as possible. The input of the people that work within the district is highly valued. With that in mind, HSR Architectural/Engineering will facilitate a series of 45 minute group meetings
