Digital Curriculum

Course Lists: 2025-2026

The only place you need
to go to extend learning.

[Elementary School Course List](#)

[Middle School Course List](#)

[High School Course List](#)

Digital Course Catalogs

Our digital [elementary](#), [middle school](#), and [high school](#) course catalogs include details about each course, including materials required, digital-first options, and more!

Foster a love of learning and set students on the pathway to lifelong success with an online curriculum designed to help them realize their potential. Our suite of more than 330 digital courses covers a full spectrum of core subjects and electives, all supported by cutting-edge online technology and brought to life by extraordinary educators. Stride Learning Solutions digital courses combine rich content with proven pedagogy to facilitate dynamic, engaging online and blended learning experiences to meet your district or school's unique needs.

Our expansive course catalog for grades K-12 allows you to meet every learner's needs — from those who are struggling or at risk of dropping out or not graduating on time to those seeking greater academic challenges or enrichment in their learning. Whether your students are looking to launch a career right after graduation or pursue postsecondary studies, our digital curriculum will provide them with more options to jumpstart their futures today.

The courses included in this list reflect offerings for the 2025-2026 school year. However, district certification requirements, teacher availability, and other factors may impact instructional support availability.

2025-2026

Elementary School Course List

Please see our [Elementary School Digital Course Catalog](#) for details about each course, including course descriptions, materials required, portability, digital-first options, and more! Materials needed for each course can be found on [Materials Lists](#).

(N) New course available

All other courses unless otherwise noted are full year.

Course lists are subject to change and may vary for different schools.

Course materials may be available in various formats, including physical and/or digital.
